

fcml Interior Lifestyle Product Company

#talyUnplugged2019 by FCML, a visit to some of the biggest design hubs of Italy, exploring luxury interiors and the Italian aesthetics. The journey celebrated three indigenous Italian brands Gessi, Ernestomeda & Listone Giordano. The inspiring trip was hosted by FCML for a select group of architects and interior designers who made the most of Italian summer by product viewing, immersing into innovative technologies and visiting stunning vistas of the Italian countryside. It was a complete celebration of "Design and Architecture" while exploring the best of Italian design and innovation, on an exclusive journey through Italy!
