# In-Wash® Inspira

## Easy design

Its soft curves, its simple geometry and its hidden fixations and connections make it a highly aesthetic solution, perfectly suiting the lifestyle of any user and fitting seamlessly into any interior design.

## Easy to clean

Its surface without angles together with the Rimless\* technology make it a very easy to clean toilet. The possibility to remove the nozzle tip as well as the Quick release\* system of the seat and cover also help to improve the cleanliness and hygiene in its most sensitive components.

*\*Rimless and Quick release technologies are only available in the wall-hung version.*

## Easy to use

The interface of the light and single-handed usage In-Wash® Inspira remote control is so intuitive that anyone will be able to handle it from the first use.
