As a curator of luxury interior solutions, FCML's diverse range of products span across four categories that offer unique building blocks designed for specific functions and individual needs.

### BATHROOMS

When it comes to bathrooms, FCML offers you the best in terms of quality, standard and uniqueness. If you're looking to give your bathroom an overhaul, the brand boasts absolutely mesmerising products that will bring your vision to life and add a total splendour and grandeur to your personal space. Their expansive range includes sanitary ware, faucets, washbasins, bathtubs, whirlpools and a variety of bathroom accessories—ensuring your bath space is as aesthetically pleasing as your living room.

### SURFACES

Ginger up your space! Be it textured patterns or symmetrical designs, at FCML, one will find exceptionally unique surfaces that add visual accents to your home interiors. Browse through the various IKIGAI surface collections—from floor tiles, ceramic floor tiles, granite tiles, to a host of marble and mosaic tiles—the options are endless! With a keen eye on eco-consciousness, every tile is sustainably designed and custom-created for its patrons, right here in India. The brand is especially known for its collaboration with leading designers such as JJ Valaya, Abraham and Thakore and Pero by Aneeth Arora to bring alive their aesthetics for rich storytelling on tiles. For their latest collection, they partnered with luxury interiors label Nicobar for a line of glossy ceramic wall tiles that are chic, bevelled along their edges, and peppered with motifs inspired by India's vast coastline.

### KITCHENS

FCML prides itself in providing only the finest materials to build a dream home. By collaborating with expert European

manufacturers, they find the perfect mix of technology and design, fit for the Indian consumer. When it comes to kitchens, the luxury lifestyle brand has a judicious mix of contemporary designs that are aesthetically advanced and impeccable. An important part of the home interior is kitchen décor and FCML offers a wide range in this segment like kitchen fittings, countertops, slabs; in other words, a complete kitchen guide that ensures your space is unique and created in perfect harmony with design and aesthetics.
